## HOW TO DOWNLOAD SYNC4DR

1. Click on Download near the top right and it will bring you to the following screen.

### Sync4DR Business Edition

- version 7.3.1.0 [\(Download\)](#)
- version 7.3.1.0 (Client only) [\(Download\)](#)

### Sync4DR Enterprise Edition

- version 7.3.1.0 [\(Download\)](#)

### Sync4DR Virtual Host Edition

- **HYPER-V HOST** - version 7.3.1.0 [\(Download\)](#)
- **VIRTUAL MACHINE CLIENT** - version 7.3.1.0 [\(Download\)](#)

2. Download the version of Sync4DR that you need.
  - a. Sync4DR Business – For PC/Laptop.
    - i. Normal version
    - ii. Client Only version
  - b. Sync4DR Enterprise – For Server.
  - c. Sync4DR Virtual Host.
    - i. Hyper-V Host – For seeding the vhd files of the VM.
    - ii. Virtual Machine Client – For replicating the contents of the VM.s

The Sync4DR client is designed to update itself whenever a new version is available.

By default, every newly installed Business edition client is given a 30 days trial period. This is to allow customer to install when it is needed while waiting for the order of the licence to be fulfilled.

Please send email to your respective vendor to request for the trial licence for Enterprise / Virtual Host edition, or you may email to [sales@Sync4DR.com](mailto:sales@Sync4DR.com).
